Final year Computer Science student with a strong interest in software development and systems, currently a Software Development Engineer Intern at RNTBCI.

Education

B.E. in Computer Science and Engineering - Loyola ICAM College of Engineering and Technology 2023 - 2027
CGPA: 8.0

Class XII (CBSE) - Kola Perumal Shetty Vaishnav Senior Secondary School, Chennai 87.2%

Class X - Good Shepherd Mat. Hr. Sec. School, Nungambakkam, Chennai 91%

Experience

Software Development Engineer Intern - Renault Nissan Technology & Business Centre India Sep 2026 - Present

- Building and testing software for Renault Group's global engineering teams across the agile development lifecycle.

Oracle HCM Intern - Kovaion Consulting Pvt Ltd Jul 2026 - Sep 2026

- Gained hands-on experience in Oracle HCM Cloud, HR processes, reporting and enterprise systems.

Technical Skills

Languages - Java, Python, Embedded C **Databases** - MySQL **Web** - HTML, CSS

Core Concepts - Data Structures, DBMS, Operating Systems, Computer Networks (TCP/IP Fundamentals)

Tools - GitHub, Arduino IDE, Blynk

Projects

IoT-Based Hovercraft with Voice Control - Student Exchange Program, ICAM Paris, France

Embedded C, Arduino, Ultrasonic Sensors, Blynk, Android

- Built an IoT hovercraft prototype in a one-month international exchange, with Arduino in Embedded C.
- Added ultrasonic obstacle detection, voice-based navigation and a Blynk mobile app for remote control.

SkyLink Airline Reservation System - Third Year Academic Project

Java, MySQL, OOSE, Software Testing

- Built an airline reservation system with email OTP login, flight search, booking, cancellation and confirmations.
- Applied OOSE and software testing concepts to verify reliability and accuracy.

Innovation & Startup

Nanopore-PLM Diagnostic Kit - AI-driven genomic analysis device concept *Python, Machine Learning*

- 1st Place, Anna University Startup Pitch · 3rd Place, LICET IIC eCircle Pitch 2025.
- Defined the problem, solution, business model and applications, and presented at university-level competitions.

Leadership & Team Experience

Team Turbonites EV Go-Kart Team, LICET - Main Driver

- 1st Place, Female Endurance Race, FKRC 2026 · Main Driver, GKDC 2025 National Level Competition.
- Worked on EV go-kart development and motor controller integration; built an IR sensor and Arduino lap counter.
- HR Lead (1.5 years) · Media and Sponsorship Head (1 year).

President, Enunciate Language and Cultural Club, LICET

- Led student teams for academic and cultural initiatives, coordinating faculty, students and exchange students.

Mentor, Envision 2025 - First Year Student Project, Sustainable Infrastructure

- Mentored first-year students in developing an automated traffic signal system using ESP32 and Arduino Nano.

Certifications

Oracle Academy - Java Fundamentals, SQL Basics, Cloud Infrastructure Foundations, Professional Project Management Fundamentals

Problem Solving - LeetCode and HackerRank in Java, Python and MySQL
